

ELETTRO-POMPE DI INGRASSAGGIO AUTOMATICHE/ Pressione Massima - 250 bar ELECTRICAL AUTOMATIC GREASING PUMPS / Max Pressure - 250 bar

Caratteristiche tecniche:

Versione per Grasso: per grassi da NLGI 000 a 2
Versione per Olio: per oli da 50 a 1000 cSt a 40°C
Numero max elementi pompanti: 3
Velocità di Rotazione: 22 giri/min
Grado di Protezione: IP65
Marchio CE

Versione Senza Timer: Senza scheda elettronica. Funziona con controllo esterno.

Versione Timer P-L: Con scheda elettronica integrata con tempo di lavoro e tempo di pausa programmabili.

Versione Timer P-S: Con scheda elettronica integrata con tempo di pausa programmabile, da utilizzare con il sensore di controllo avente cod. "CIA095032".

Features:

Grease version: for grade from NLGI 000 to 2
Oil version: for oils from 50 to 1000 cSt at 40°C
Max number of pump elements: 3
Rotational Speed: 22 rpm
Degree of Protection: IP65
EC mark

Version Without Timer: Without electronic board. It works with an external control.

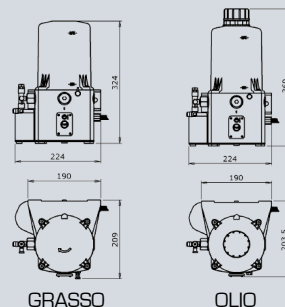

Version Timer P-W: With electronic board integrated with pause time and working time programmable.

Version Timer P-S: With electronic board integrated with pause time programmable, to be used with control sensor ref. "CIA095032".
